THE LEDGER'S PROPHECIES FULFILLED.

McKinley's Election Has Restored Confidence and Given a Big Boom to Business.

"Advance Agent of Prosperity."

THERE are every day strong evidences that the Sound Money Democrats have finally and forever cut loose from the new Populistic party. In New Haven, Conn., General E. E. BRADLEY has been nominated for Mayor by the Gold Standard Democrats, and the Republican nominees for Auditor and City Clerk were endorsed. One thing is certain—no true Democrat can stand on a platform built of Populistic and flat money planks.

Wanted.
5,000 fat Turkeys and all the fat Geese, Ducks and Chickens I can get. Highest market price paid delivered in Mayville. R. B. LOVIE.

Til for Tut.
Unterhulungsblatt, Servant (from next door)—Herr Mayer sends his compliments and would you please say to your dog, as it won't let him go to sleep?

Neighbor—Give my respects to Herr Mayer and tell him I shall be much obliged if he will poison his daughter and burn her piano.

CAREFUL WITNESS.
Anxious to Tell the Truth and Avoid Heavily Evidence.

Chicago Record.
The young lawyer was determined that if vigilance could accomplish anything the case should be decided in favor of his client, and so when the careful old man went upon the stand for the defense the Attorney leaned forward, prepared to fight every inch of the way.

"Mr. Johnson, the plaintiff," said the careful old man, "said that if I would buy the house he would get Mr. Gimson to relinquish his lease. He said he thought Mr. Gimson would agree to go. I guess—"

"Never mind what you guess. We don't want any hearsay or guessing. Your Honor," to the Court, "I object to this witness' testimony. He is guessing at what he says. We want facts."

"Excuse me," said the careful old man. "I was about to say I guess at nothing, and insisted on the understanding being established in my presence. So the two men got together, with me on hand to listen to what they said. I understand—"

THE LEDGER was insistent throughout the late campaign that the election of McKINLEY meant the restoration of Confidence and the immediate resumption of Manufacturing and Commercial Business throughout the country.

There were those who contended that the very opposite would be the case.

It is useless now to argue the question; it is settled by the results;—and that our readers may see who was right THE LEDGER will give, from day to day, a partial list of the industries that are reviving under the assurance that the incoming Administration will be friendly to American interests.

CHICAGO.
Inquiries for car material are increasing. It is estimated that negotiations are pending for 15,000 freight cars and that between now and next spring 50,000 cars will be ordered by the railroad companies. The iron market generally is strong.

MEMPHIS, TENN.
The Executive Board of the Southern Wholesale Grocers' Association met here and transacted only routine business. President E. G. Leigh, Jr. of Richmond, Va., in the course of an informal address, said in part: "Reports from the several trade centers indicate improved conditions throughout the South. This has been growing during the past year, and was greatly accelerated by the result of the National election. Collections are reported easier, and, in fact, I think the South is today in better condition than at any time during the past twenty years."

BIRMINGHAM, ALA.
The triumph of Sound Money at the recent election has secured a half-million dollar cotton mill for Birmingham. Trainer & Son of Chester, Pa., extensive cotton manufacturers, had practically completed negotiations last spring to locate such a mill here when the Free silver agitation came along and caused a suspension of operations. Last night one of the projectors of the enterprise reached here and announced the determination of his firm, since confidence had been restored and money had become easier, to proceed at once with the construction of the new mill.

ACQUITA, KY.
Every day that passes more firmly convinces the National Democrats of the locality that their party acted for the good of the country in the late election. Numbers of farmers in Bracken B. once Grant and Scott counties have invested heavily in Arizona fruit lands, and the water "or which is to be supplied by an irrigating company of foreign capitalists. The entire \$2,000,000 worth of stock had been spoken for, and preparations made for work to commence on the system on a large scale. And the probability of Bryan's election caused the withdrawal of all support and the abandonment of the undertaking. The result of the election being for Sound Money, the enterprise was again "taken up." Had this business failed, it would have proved some of the most substantial men in Northwestern Kentucky to the wall.

A Truthful Statement.
Aunt—Oscar, what dress did you mother put on to go to the ball?
Oscar—A long, white, short dress.
Aunt—Nonsense, it cannot have been both long and short.
Oscar—Yes, auntie, it was long at the bottom and short at the top.
